Good answer, good answer!

I'm not thinking that I have to add something on glyphosate – probably to the EPA collaboration attachment (just this one time). Chad was involved in high-level discussions about aerial eradication so he may remember something about it. Thoughts?

Hahaha, nah. Unless Mark asks for it, I think it has enough, especially with the attachments.

Thanks, Nadtya. I accepted your changes.

Do you think we need a background section (please say no, please say no)?

Hi Cam,

It looks really good. I just had a couple of very small edits for your consideration.

I hope you took a nap before the early wake up ☺.

Good morning,

Here is what I have so far for Chad's briefing paper for his call to Ambassador Goldberg. Could I please get your quick review before noon, particularly of the talking points and the EPA Collaboration attachment? I have to send this to Mark by 1:00. I'm thinking that I may need to add a background (but hope that it won't be necessary). If you have any opinions on the need for this section, please let me know.

Sorry for the fire drill and appreciate your help!

Cam
